WINDSOR • ESSEX • PELEE ISLAND

One Region. Countless Stories.

ONTARIO, CANADA

your story begins...

...The story begins deep in the rich earth of this great region, nourishing the delicate fruit of our vineyards. From the sun-warmed fields of this southernmost shore of Canada, the carefully nurtured vines surrender their precious vintages. Deep reds, crisp whites, delicate ice wines – at any one of our 14 wineries the swirl of the glass sets your story in motion, here in Windsor Essex Pelee Island. With countless events and tours throughout the year, start writing your story at visitwindsor.essex.com

Canada's Southernmost Wine Region

Situated at the same latitude as some of Europe's finest wine regions, the Lake Erie North Shore Region benefits from its proximity to Lake Erie, which offers a unique maritime climate in a continental region. Grape growers in the Lake Erie North Shore and Pelee Island Designated Viticultural Areas grow some of the world's finest vinifera and French hybrid wine grapes. We continually and reliably produce award winning, world class wines, including naturally produced ice wines.

The region is a winemaker's paradise blessed with exceptional soil conditions and a regional climate which offers longer sun hours and greater heat units than any other area in Canada. In fact, geographically speaking, it is located as far south as northern California and the Tuscany region of Italy, and further south than the renowned Bordeaux and Burgundy wine regions of France.
